

JACI'S IMPACT

nature, people, purpose

70%

of our lodges and staff village are solar-powered, ensuring a clean energy solution that helps preserve our environment while enhancing your safari experience. This initiative has led to:

10.92 Tons

of Carbon Dioxide Reduction per month

6.13 Trees

Equivalent Tree Planting per month

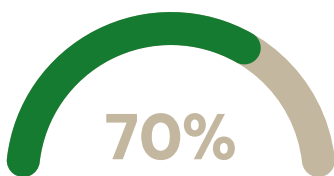

288.09 KG

of Sulfur Dioxide Reduction per month

3.59 Tons

Standard Coal saved per month

LOCAL STAFF -- TEAM MEMBERS COME FROM NEIGHBORING VILLAGES.

At Jaci's Lodges, sustainability means supporting our people and the environment. Proudly, **27.2%** of the business is owned by our staff trust, empowering local communities and fostering a deep connection between the lodge and its employees.

Discover how Jaci's Lodges combines sustainability, community, and conservation to create a greener, locally driven safari experience.

HYDROPONIC VEGETABLE GARDENS: Self-grown produce supplemented by a green grocer sourcing directly from local markets.

LOCALLY SOURCED WHERE POSSIBLE:

Eggs, blueberries, venison, tilapia, and firewood all come from nearby businesses within 10 km

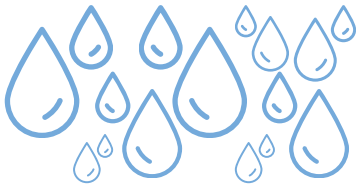

47%

 OF OUR STAFF ARE PART OF THE JACI'S STAFF TRUST

having been with us for over five years. Together, they collectively own 27.2% of the business

100%

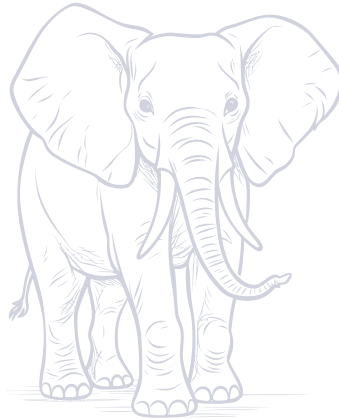

RIVER-SOURCED WATER:

Pumped and filtered on-site. We draw our water directly from the river, filtering it carefully to meet international standards and the lodge's needs while minimizing environmental impact.

GREYWATER REUSE:

Thanks to your shower, we can provide animals with pumped water sources during the dry season, right into our watering hole and wetlands.

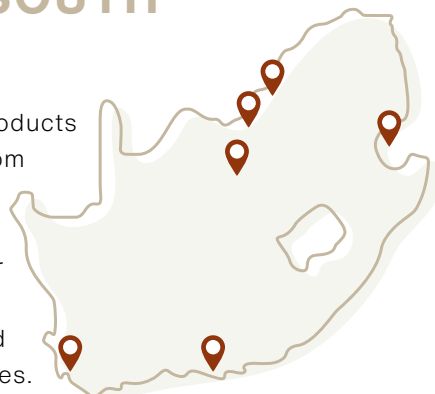

100% natural, chemical-free, and biodegradable products

All our guest amenities are crafted by AfriEarth, a local business specializing in 100% natural, chemical-free, and biodegradable products. From natural shampoos to nourishing conditioners and body washes, every AfriEarth product we use is thoughtfully designed to be kind to the environment while offering guests a luxurious and eco-friendly experience.

PROUDLY SOUTH AFRICAN

From our curio shop products to our linen, towels, room accessories, and furniture, we proudly source locally wherever possible, supporting community artisans and South African businesses.

"Winning the Best Luxury Eco Safari Lodge Worldwide is a testament to our commitment to community empowerment and environmental passion, offering Jaci's guests a truly unique and globally recognized sustainable safari experience."

ALL

of our food waste is donated for composting and animal feed on local farms.

90%

Recycling Rate, including tins, glass, and more – carefully separated on-site before being recycled locally.

149 PLASTIC BOTTLES

repurposed and saved from oceans and landfills per month. Partnering with The Joinery for our guest and pup packs, we save roughly 149 plastic bottles from oceans and landfills per month. Contents are eco-friendly and locally sourced.
